

# INDIAN INSTITUTE OF INTEGRATED SCIENCE AND TECHNOLOGY

An Independent Institute Established by Sri Shirdi Sai Educational Trust (Regd)  
Chennai, Tamilnadu, India

## RESULT CUM - DETAILED MARKS CARD

|                       |                          |               |             |
|-----------------------|--------------------------|---------------|-------------|
| Name of the Candidate | YAZAR, R                 | Father's Name | A.RAFI      |
| Programme             | B.TECH Civil Engineering | D.O.B         | 29.08.1993  |
| Semester / Year       | Consolidated             | Session       | 2013-2017   |
| Status                | Fresh                    | Roll No.      | 610E17CL007 |

| Subject Code      | Subject                                              | Marks obtained | Minimum Pass Marks | Maximum Marks |
|-------------------|------------------------------------------------------|----------------|--------------------|---------------|
| TEE               | Technical English                                    | 74             | 50                 | 100           |
| MAE               | Engineering Mathematics                              | 71             | 50                 | 100           |
| PHE               | Engineering Physics                                  | 49             | 35                 | 70            |
| CHC               | Engineering Chemistry                                | 41             | 35                 | 70            |
| PRE               | Computer Programming                                 | 44             | 35                 | 70            |
| GRE               | Engineering Graphics                                 | 39             | 35                 | 70            |
| MEC               | Mechanics                                            | 72             | 50                 | 100           |
| <b>PRACTICALS</b> |                                                      |                |                    |               |
| CPL               | Computer Practices Laboratory                        | 19             | 15                 | 30            |
| EPL               | Engineering Practices Laboratory                     | 22             | 15                 | 30            |
| PHL               | Physics Laboratory                                   | 21             | 15                 | 30            |
| CHL               | Chemistry Laboratory                                 | 18             | 15                 | 30            |
| EGO               | Engineering geology.                                 | 70             | 50                 | 100           |
| SVR               | Surveying.                                           | 41             | 35                 | 70            |
| TPD               | Transforms and partial differential equations.       | 73             | 50                 | 100           |
| COM               | Construction materials.                              | 38             | 35                 | 70            |
| SOM               | Strength of materials.                               | 80             | 50                 | 100           |
| SMC               | Soil mechanics.                                      | 41             | 35                 | 70            |
| <b>PRACTICALS</b> |                                                      |                |                    |               |
| SML               | Strength of materials laboratory                     | 18             | 15                 | 30            |
| SPL               | Survey practical laboratory                          | 19             | 15                 | 30            |
| STL               | Soil test practical laboratory                       | 22             | 15                 | 30            |
| STA               | Structural analysis.                                 | 69             | 50                 | 100           |
| FDE               | Foundation Engineering.                              | 71             | 50                 | 100           |
| HGE               | Highway Engineering                                  | 72             | 50                 | 100           |
| DRC               | Design of Reinforced Concrete Elements.              | 71             | 50                 | 100           |
| CTE               | Construction techniques equipment and practice.      | 40             | 35                 | 70            |
| DSS               | Design of steel structures                           | 43             | 35                 | 70            |
